

Transcendent Humans, Transcendent Earth: An Ascension Plan for Gaia and Humanity

Transcendent Humans, Transcendent Earth is a collection of inspired channeled writings about the final phase of a divine ascension strategy for Gaia, her Humanity and for each of us as evolving Beings of Light! This important new body of work contains a clear, demystified description of the Ascended Masters, a comprehensive study of the Extraterrestrials and special encoded messages from the Angelic Realms. In a sense, it serves as a guidebook for better understanding the Celestial Realms and the personal ascension process that we are all experiencing.
