

## The Greatest Love Story Ever Told

I I could already feel it disappear. I was stuck I guess, hanging there with a knife pointed to my chest and back. One step forward, cut through and through, one step back, the same. And now Im here the ending. Is this a happy ending? Is there even such a thing as a happy ending? Miles: One out of only four Asians in his high school, desperately Romantic and always trying to put his stamp on the world. From Slip and Slide glory to October Fats 98, he constantly searches for the one. But what happens when what youve always wanted seems constantly two steps outside your grasp? What if you feel like you have finally found it, but it turns out differently from what youve imagined?
