

The Kind of Man Every Man Should Be: Taking a Stand for True Masculinity

A bold and needed message from commentator Kevin McCullough, host of a daily radio show in New York City and a syndicated columnist for WorldNetDaily. Over the last few decades, a key detriment to true manhood has been a radical feminism that has redefined society's views of men and women. Many men have become a faint image of their former selves and are no longer standing strong when it comes to responsibility, social interaction, and parental authority. The result? Marriages and families that are crumbling.

In what ways is manhood being undermined? Why are men and women reluctant to address this problem? What should a man be? And how can he achieve that? In the Bible, God provides a blueprint for men to follow one that encourages them to behave with dignity, act with clarity, and lead with conviction. A powerful resource for men who want to live according to God's design for them.
