

The Legend of Auggie the Awkward Elf

A family Christmas story about the mishaps and misadventures of a young elf at the North Pole. Its original and fast moving. Auggie doesn't have magical powers or a fairy godmother to make his troubles disappear. He has to deal with life's difficulties and his own shortcomings much like everyone else, although he has his own unique way of doing so. A delightful story of courage and perseverance in search for-and acceptance of- ones self.
