

The Net Result - Book 1

This first book in a series of four books; includes the success stories of business and professional women who won the title of South Australian Executive Woman of the Year. These women are the founders of the prestigious, Telstra Business Womens Awards. This series of books have been used in Career Study Classes in High Schools, Universities and Business Colleges since the nineties. Women wanting to start their own small businesses and those keen to climb corporate ladders or sit on company boards have all gained the valuable knowledge they needed from these pioneering womens stories. Be sure to collect the four volumes in this set of invaluable books that were originally published for the members of the Australian Executive Womens Network.
