

## The Practice and Influence of Elegance Inside Out: Volume 2

While we live in a very visual oriented world today, most people underestimate the power of their image. In this book, I seek to show you how to make a good and lasting first impression. Your deportment; i.e. your appearance and social etiquettes etc., personal color scheme and fashion, can set you apart and open doors for you while also improving your self-esteem. Using references from fashion icons like Coco Chanel and the Bible, this book illustrates how your image and general wellbeing matter! As a woman and minister, I want to show that we can glorify God with our looks and don't have to look drab neither do we have to look slutty or seductive! You can look like where you are headed instead of looking like where you are at! Looking good is good business!
