

The Salmon Rivers of Scotland: With Seventy-Two Full-Page Illustration and Three Maps (Classic Reprint)

Excerpt from The Salmon Rivers of Scotland: With Seventy-Two Full-Page Illustration and Three Maps In condensing into one book my four volumes of The Salmon Rivers of Scotland, want of space has necessitated the omission of the whole of the text illustrations, together with four chapters which endeavoured to deal with the salmon problems of the day. As far, however, as information is concerned, this book contains the concentrated essence of the original four volumes, and I venture to hope that my readers may find in it Saumon en papillote.
