

Making Things Better: A Practical Guide For Manufacturing Managers

If you feel you need some help in your job as a manufacturing manager this book will provide you with a tried and tested way of breaking down the problems facing you into manageable chunks. The steps required to identify, prioritize and solve the many issues facing a manufacturing manager are described in a clear, jargon-free way. There are real-life examples of how to prepare and implement an action plan for improvement. The book also provides an experienced overview of many related management topics such as Team Selection, Leadership, Time Management, Measurement, Bench-marking, Quality, Negotiation Skills, Outsourcing, Managing Change and much more.
