

A Question of Spirit

Have you ever watched one of the many television shows about ghosts or mediums, or even connected with a loved one who has passed over? The spiritual realm affects us all whether you're one of the countless people who has had unexplained experiences with the paranormal or you're simply curious about what lies beyond life as we know it. With more Americans than ever turning away from the organized religions that warn against such things, were all searching for our place in the cosmos and for a new understanding of spirituality to unite humankind. In *A Question of Spirit*, author and Hollywood photographer Andrew Macpherson shares the encounters with Spirit that have changed his life forever, as well as the stories of others who have been affected by similar events. Featuring exclusive interviews with spiritual leaders, psychics, mediums, and even a Nobel Prize-winning scientist, Macpherson's book is one of the most in-depth and informed looks at spirituality on the market today and answers many of humanity's most burning questions about what else is out there.
