

## The Thief-Takers Apprentice (Thief-Taker Series)

Berren has lived in the city all his life. He has made his way as a thief, paying a little of what he earns to the Fagin like master of their band. But there is a twist to this tale of a thief. One day Berren goes to watch an execution of three thieves. He watches as the thief-taker takes his reward and decides to try and steal the prize. He fails. The young thief is taken. But the thief-taker spots something in Berren. And the boy reminds him of someone as well. Berren becomes his apprentice. And is introduced to a world of shadows, deceit and corruption behind the streets he thought he knew. Full of richly observed life in a teeming fantasy city, a hectic progression of fights, flights and fancies and charting the fall of a boy into the dark world of political plotting and murder this marks the beginning of a new fantasy series for all lovers of fantasy - from fans of Kristin Cashore to Brent Weeks.
