

The Way of Freedom: An Eon Book

Youve created your fellow humanity to appear different from you so that you could learn to love them; so that you could struggle to bind yourself back to them in an intimate, whole, Godly union. You have created differences between one person and another for only one reason: to erase differences in your heart. It is the mind that distinguishes; it is the heart that extinguishes. The Way of Freedom is a rewarding spiritual examination of the causes of the social tensions that would divide us. Eon uncovers the process by which judgment begins, and demonstrates how forgiveness can be applied to reduce the growing fears about violence in our world. Eon is a spiritual guide who has lived on Earth many times: I am called Eon. I see you from a state of happiness and bliss. Although you have difficult times in this life, I see everything you do as beautiful, and I am not the only one who views you in this manner. Be happy on your path, and know that you are loved and safe. Dedicate yourself to your own self-improvement, for this is the way to make the greatest progress.
