

Worcester in the War of the Revolution: Embracing the Acts of the Town From 1765 to 1783 Inclusive (Classic Reprint)

Excerpt from Worcester in the War of the Revolution: Embracing the Acts of the Town From 1765 to 1783 Inclusive Perhaps it is unnecessary for the writer to state that this is an unpretentious work. He has endeavored to tell the story of Worcester in the Revolution, as much as possible, in the language of the men and documents of that time. He is well aware that some of the facts narrated have become twice told tales, but he flatters himself that by far the greater portion, which has heretofore lain buried in dusty nooks and corners, is now published for the first time. In these busy times, when the thoughts and energies of the people are directed in so great a degree to the pursuit of wealth, comfort and enjoyment, it cannot be otherwise than profitable to pause and look back upon the acts of those whose wisdom, foresight and self-denial, laid the foundations of that prosperity which we their descendants enjoy - to spend a while with them and catch the inspiration of liberty and freedom from a contemplation of their sacrifices and sufferings - that we be not degenerate sons of worthy sires. There is much material accessible for an exhaustive history of Worcester during this period of its existence, some of which is carefully preserved, some hidden in the rubbish of garrets and closets, soon to find its way to market at a pittance per pound; and other still floating down through the closing years of a century in tradition, soon to be lost in distance, and buried in oblivion. Worcester has a revolutionary history to which her sons may point with pride; and by honoring the parent, the child honors himself. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the

work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
