A self-made millionaire shows you how to make millions while living life on your own terms. At just eighteen years old, Matt Morris founded his first marketing business. At twenty, he dropped out of college to pursue business full-time. At twenty-one, he was homeless and deeply in debt, living out of his car. It was then that he made a life-changing decision to re-invent himself and his career. By twenty-nine, Matt was a self-made millionaire. How did he do it? In *The Unemployed Millionaire*, Morris reveals how he turned his life around and shatters the myth that it takes money to make money. Thanks to the Internet explosion and the ease of global trade, it is possible for anyone to start a business and market their products worldwide to millions of customers. Here, Morris unlocks the secrets and provides you with the specific moneymaking formula he used to turn his ideas into a fortune. Equips you with a step-by-step formula for turning your great idea into a million-dollar business in as little as twelve months. Proves you don't have to be smart, lucky, or rich to make millions. Gives you the specific success principles all millionaires follow.
