

The Urban Survival Handbook: The essential guide to dealing with emergencies at home, at work and on the city streets

This is a handbook for anyone concerned about safety in today's world. It explains how to deal with many emergencies, such as break-ins, fire, car accidents and floods, through to extreme hostage situations, bombs and first-aid care. A strong emphasis on practical skills allows readers to anticipate possible dangers and to know the best course of action to take in each scenario, and protect themselves and those around them.
