

Unraveling the Weave

A journey of discovery: Getting in Touch with the Spirits, Angels and Guides. Author Ellen Marie Blend writes a metaphysical mystery of finding a parent's purpose, romance over the ages, mother-daughter relationships, completing one's karma, and self exploration through getting in touch with the spirits, angels and guides. A New Age, paranormal mystery of receiving psychic messages by the internal visual eye, verbally, and telepathically. Ellen Blend relates to the visions of John Edward, the writings of Sylvia Browne, and the free spiritedness of Shirley MacLaine. New book release, Looking Back, is available now and is about past lives. It is not formatted like the works of Brian Weiss, but is certainly credible. Definitely metaphysical.
