

The Wolf of Wall Street (Movie Tie-in Edition)

Soon to be a major motion picture directed by Martin Scorsese and starring Leonardo DiCaprio. By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht, crashed a Gulfstream jet, and ran up a \$700,000 hotel tab, to the wife and kids who waited at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belforts own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. Its an extraordinary story of greed, power, and excess no one could invent: the tale of an ordinary guy who went from hustling Italian ices to making hundreds of millions - until it all came crashing down.
