

The World Economy: Trade and Finance (with Economic Applications Printed Access Card)

By presenting the fundamentals of international economics clearly with a strong presentation of theory, policy and applications, THE WORLD ECONOMY: TRADE AND FINANCE is an excellent choice for a broad range of trade and finance courses with an international economic focus. This text is believed to be the most technically accurate text available on the market. Yarbrough and Yarbroughs mission with this text is to allow the student to discover how key economic tools will help them understand international issues that affect them daily. At the end of each chapter you will find 3 to 5 cases to allow the instructor to bring in more applied material into the theoretical discussion.
