

# Time management: The Stress Free Strategies How to Get More Done in a Multitasking World

If you find yourself constantly running from one thing to another, never knowing whether you are coming or going and would do anything for a breather then this is the book for you. In the fast paced modern world that we live in, everything appears to be moving at one hundred miles an hour and we never seem to have the time to just stop and breathe. It is true that these days the most efficient people are seen as those that are capable of multitasking but is this really all it is cracked up to be? In this book I discover many of the secrets that lie behind those who multitask and the real ways in which they cope and manage to still get everything done, smile and never miss a deadline! The topics covered are: Time Management and the most common mistakes How Productive are you? Time Management Tools Efficient workflow management Control your day Understanding Multitasking There is no time like the present to get your life both personal and professional in order and release the stress and strains leaving you with more time to yourself.
