

Twilight: The Waning Days of Youth

Through spectacular car wrecks, unthinkable bathroom misadventures, and hiking trips into one of the last uncharted areas of wilderness, the lives of four teens ready to graduate is revealed. From their happy-go-lucky days, each finds their weakness that fate has given them which they must deal with in order to maintain the balance of joy and despair in their lives. As graduation looms, it quickly becomes apparent that they are no longer as sheltered as they were even days before. The worries of adulthood are upon them, and each finds their own way to escape them or cope as best they know how.
