

Two Hours To Nowhere Street And P.S. Im Coming Home. The Rest Of The Journey

Two Hours To Nowhere StreetIts the Fourth of July at Skillet Lake Resort. Robin has always looked forward to the celebration but not this year. At seventeen, she has grown to resent her life at the familys rustic retreat yet when she tries to look beyond the blacktop that leads away from it, she sees only a hazy, gray fog. After more than three years, Randy Brewer makes a sudden appearance. Robin quickly realizes the carefree boy she had known has matured into an angry, self-pitying young man, and the life long crush she had on him has grown into something much deeper.The summer has already taken a 180-degree turn, but the last thing Robin expects is the half-dead kid who stumbles into the resort will lead her and her friends not only to a place theyve only heard of, but a place in their lives where the journey into adulthood is waiting.P.S. Im Coming Home The Rest Of The JourneyNearly a year has passed; Robin knows exactly where shes going, until life steps in.Complicated with an underhanded lawyer determined to steal the Norris farm, then his campaign to set the towns people against Pastor Jake and the mission kids, her plans for the summer never have a chance.But its the clash with Randy, and his shocking decision to prove his love for her that sets the course for Robins future.
