

## Two Lives: A Social and Financial Memoir

Dimitri Yassukovich is exiled by the Bolshevik Revolution, builds a new life and career as a Wall Street investment banker, and lays the foundations in Europe for one of the great investment banking houses of the City. His son Stanislas, after an inglorious youth in the Gatsby land of Long Island, joins his fathers firm White, Weld & Co., finds himself at the epicentre of the Citys revival from postwar doldrums, and becomes an architect of the Euromarkets. His highly personal and anecdotal chronicle of these two lives leads us through the history of high finance and its revival, and the heady days of the internationalisation of the City, through the Big Bang and its aftermath. Two Lives is a serious, and yet light-hearted account of a critical period in 20th century finance and of two unusual personalities.
