

Urban Falcon

This is not how it was supposed be. Evan was all set to finish his high school years at Elbow Creek High, pursuing his passion for photography in the small town where he grew up. But mid-junior year, his Dads job forced the family to move to Lincoln Heights, a booming metropolis - a city one could get lost in. Now his best friend Denny wont even talk to him and something suspicious is going on with his Mom. When Evans worst fears are confirmed, he starts acting out in ways he never thought possible. Caught between who he used to be and the possibility of who he could become, hes thrown into a world of dating, out of control parties and family drama. Evan Falcon learns more about himself than he ever though possible.
