

2026

Everyone wants to know what will happen in the future everyone. But most people would say there is no way to know what will happen in the future. But there are those people with extraordinary abilities who can predict the future, shamans, astrologers, prophets like Jesus, Edgar Cayce, Nostradamus, etc... In this book we will examine those prophecies to get a clear vision of what will happen in the future, and when it will happen. First, we will examine the prophecies of Isaiah, Ezekiel, Jesus, and the other Bible prophets. They predict wars, earthquakes, famines, earth changes, and the mystical transformation of humankind to a higher realm of consciousness. Second, we will look at the prophecies of Americas greatest psychic, Edgar Cayce. Cayce accurately predicted the stock market crash of 1929 and the beginning of World War II. Cayces prophecies about the Great Pyramid and the Sphinx are interesting to us because these monuments were placed as a guidepost of prophecy for our time. Beneath the Sphinx was placed a Hall of Records which will soon be opened to reveal our past and our future. I believe I have discovered where the entrance to this Hall of Records is and quite possibly when it will be opened. Also examined will be the prophecies contained in the Great Pyramid of Giza, where a French architect has discovered secret unopened chambers. Third, we will examine the physical history of the human race, from primitive man to the new type of human body which will emerge in the future, the so-called Fifth Root Race, and how the sons of god used DNA introgression to create modern man. Fourth, we will examine the history of UFOs and alien intervention on our planet from the Battle of Los Angeles to Roswell to Belgium to Phoenix. We will look at what the aliens have been up to the past 70 years, and what they will be doing in the future. Why were they so interested in

American nuclear bases? Are they preparing to change human DNA to create a human hybrid? Are they aliens or angels?

Fifth, we will examine the incredible astrological aspects of 2024 through 2027, and how this could be the time period that all these prophecies will be fulfilled. We will look at specific dates during this time period to try to predict what will be happening during those years.
