

What in the World Is Going on

There are many people who see everyday all the things that are going on in the world, but yet they don't understand why it is happening. In my book, What In The World Is Going On, I have attempted to enlighten them. God has shown me many things in my thoughts and in His Word why all of this is going on so I could pass it on to an unsuspecting world. Whether people who read this book believe it or not is not my concern. I can only reveal what God shows me and leads me to write, how people take it is up to them, God will not hold me responsible for their decisions. But if I don't tell them, then God will hold me responsible. As Pilate told the Jews about the crucifixion, what I have written I have written, so it stood. So what I have written in this book stands. You can accept it or reject it. The decision is yours.
