

Jacob Boehme: His Life and Teaching, or Studies in Theosophy (Classic Reprint)

Master Eckart and Tauler, now in their quiet cloisters, and again under the arches of their churches, I was led forward, almost inevitably, from mysticism to theosophy, and, consequently, to Jacob Bohme. The first impression was not attractive. It was true that the light of the Reformation was here, shining with its great and universal energies ;but this light had to force its rays into the narrowness and obscurity of a shoemakers room, where there was very much to obstruct the illumination. Bohme sstyle and method of treatment struck me as intolerable and not to be entertained. A longer acquaintance with him and closer attention could not, however, but convince me that his works contained very attractive passages, passages, indeed, of fascinating beauty combined with surprising depth, vivid and revealing lightning, and new light.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text. Read books online for free at www.forgottenbooks.org
