

A Christian Survival Manual: How to Prepare for When All Hell Breaks Loose

Are you ready to feed, shelter and protect yourself, your family and your loved ones if there is a major terrorist attack and there is no electricity for weeks or months? Are you ready if a major hurricane like Katrina strikes and you're unable to evacuate? Are you ready to leave your home in a moments notice if a nearby nuclear power plant springs a leak and radioactive gas is released and headed your way? Are you ready if hungry looters rush down your street, searching for food to eat, things to steal and people to kill? Are you ready if basic government services stop functioning, and there's no police or fire protection and no ambulance service? We don't know what's in store for us, but it's important to be prepared. This little book is intended to give you some common sense advice and direction when it comes to disaster preparation. As a believer in Jesus Christ, the author also wants to share with his readers what God's Word, the Bible, has to say about preparing for unknown problems or disasters.
