

HUMAN GENESIS: You're Destined to Die, From the Moment You're Born. What Will You Do?

Year 4014: 17-year old Kuro tried to find sense in a world where humans were bred by non-human creators for the purpose of being slaughtered in the most unimaginable ways ever. No one knew why they were bred to die, yet no one ever questioned the creators. While humans lived in constant fear without questioning the fate of impending gruesome death; Kuro did the one thing no human in her world ever tried: escape. Upon escaping, Kuro discovered the truth... Humans were bred as food for the creators. Together with Takei (a loyal friend who loved her since childhood) and Haden (a vigilante whom she caught in a love-hate relationship with), will she be able to save her own kind from slaughterhouses? Most importantly... will she be able to change the destiny of all humans, towards a real future?
