

## Wicca for Beginners: A Guide to Cultivating Real Wiccan Beliefs, Magic and Ritual into Your Life (Wiccan Spells - Witchcraft - Wicca Traditions - Wiccan Love Spells - Paganism - Candle Magic)

Learn everything you need to know about Wicca and aligning yourself with the natural world. This book is going to show you the charming and beautiful beliefs of Wicca and how you can learn to embody them in your daily life. This book is a great start for anyone who would like to learn more about the Wicca religion and the real beliefs and rituals they practice. It contains practical advice throughout the book to help bring these beliefs, rituals and spells into all aspects of your life. It would certainly be sufficient to say that Wicca is certainly not what you see in any of the Harry Potter movies, or read in the books. There are no fireballs and magic sparks and no one in the Wicca community is going to be able to teach you how to transfigure a rat into a tea cup. Wicca is not about sparks and explosions, not at all. It is far more about reconnecting with the true nature of the universe and, when you are able to achieve that you will, through that alignment, be able to make ripples within the oceans of space and time. Here is a preview of what you will learn in this book

What true Wicca is and not the misunderstandings society still has. Learn what the Rule of the 3 is all about and the moral code a Real Wiccan follows. Learn about how to join a coven and also the choice to practice Wicca alone. Learn about the four elements in Wicca and Grounding Techniques to practice. Learn Wicca protection spells that can help you in your life. Learn more about candle magic and candle spells. Learn love and blessing spells.
