

The Square And The Circle: The Influences of Freemasonry on Wicca and Paganism

But the connections between them are closer than might at first appear. This book reviews the literature of the history of Wicca with especial reference to its links with Freemasonry, demonstrating their surprisingly close historical affiliations. For these truly are the five points of fellowship feet to feet, knee to knee, groin to groin, breast to breast, arms around back, lips to lips Wiccan Book of Shadows I will defend the Five Points of Fellowship, in enactment as well as concept... Freemasonrys third-degree initiation In the heart of both Freemasonry and Wicca, there is the spiritual quest and journey, as in many other mystery schools. Its study of the seven liberal arts and sciences educates their initiates, transforming their mind to become a living Temple to the Great Architect while the seven graces provide them with the moral compass to walk through daily life. Wiccas teaching is clearly stated in its Charge of the Goddess: To thou who thinkest to seek Me, know that thy seeking and yearning shall avail thee not unless thou knowest the Mystery. If that which thou seekest thou findest not within thee, thou wilt never find it without. For behold, I have been with thee from the beginning; and I am that which is attained at the end of desire. The same message is also given to all Master Masons in their 3rd-degree ceremony: an injunction to reflect on that most interesting of all

human studies, the knowledge of yourself. In both, we can still hear down the centuries the echoes of Platos teachings and the Delphic maxim at the Temple of Apollo at Delphi: Know thyself. Merry Meet, Merry Part, Merry Meet Again - the Wiccan farewell Happy have we met, happy have we been, happy may we part, and happy meet again - words spoken at the end of the second-degree Masonic initiation
